Introduction

This earth is full of people who need to know the truth of God's Word concerning Salvation through His gift of Jesus to mankind. God's will is for you to be healed and made whole. It is in His best interest and yours that you be completely healed.

If you are a Christian, being sick hinders you from helping in God's big plan for humanity according to John 3:16, which is for all to receive the gift of Jesus. Being sick actually helps the enemy, Satan, to keep God's people from being effective.

Being sick doesn't mean that you did something wrong and are being punished, it simply means that the enemy wants you to be completely impeded from being effective for the kingdom of God. Sickness not only hinders your body, but steals your resources and time. Both are vital to the sharing of the Gospel of Jesus to a dying world.

If you are not a Christian as yet, meaning you have not received the Salvation that Jesus bought and paid for you, then you are open to all of the weapons of Satan against you to kill you. His mission for every human is to steal, kill and destroy them, according to John 10:10.

However, this verse also states that Jesus came to give life and life more abundantly. The only kingdom that supplies life is the Kingdom of God. Whereas, the kingdom of Satan only supplies death and destruction.

Once you grasp the difference between the Kingdom of God and the kingdom of darkness ruled by Satan, you will never again doubt God's desire and perfect will to see you completely whole and healed. You will no longer wonder if God wants to heal you. You will understand that He does want you healed and that He heals people very day, all over the world. Why should you be any different?

The confession included in this package is for you to speak into your atmosphere, so that your heart and mind can be focused on the truth of God's healing for you.

Here's to your complete healing, spirit, soul and body.

Uninterrupted Healing - My Confession

I cover myself under the Blood of Jesus. I accept His finished work on the cross for my Salvation and Healing. I see myself completely whole and have no doubts that I am restored to good health.

I reject and resist every "well-meaning" phrase, sympathetic "comfort", and intentional or unintentional words that contradict my acceptance of the healing anointing of God working in my body. I reject any thoughts that come from anyone spoken or read that contradicts God's Word and plan of healing for my body.

I consider myself not just healed, but whole. Which means, everything put back to its rightful working status as if sickness never attacked my body. I accept no side effects or no deterioration of my physical body because of the assault of sickness on it.

I declare that my body is still the temple of Holy Spirit and I yield myself to His complete work.

I confess according to Psalm 118:7 that I will be an eye witness to the goodness of God to my body. I will be a witness against sickness and disease and cause the arrest of any sickness and disease from further actions against my body.

I further confess as stated in Ephesians 6:14 that I stand my ground, with the truth of God's Word about healing and His body armor of Righteousness. I refuse any other ground to stand on and any other armor offered by friends, family or enemy.

I only agree with those who agree with God's Word concerning my healing and wholeness, in Jesus' Name. Amen.
