

Prophecy by Jeff Gavin to VCF and Pastor Fiona
10/10/08

How many know that the Power of God IS being released and will continue to be released and even in this region the Power and Anointing of God is going to Increase

I see it. I'm gonna prophesy to this House tonight

I'm gonna prophesy increase b/c I see increase in the anointing.

I see increase in the Anointing so that it rips down witchcraft, sorcery, homosexuality and every other demon in hell that's been vomited up against the church.

How many know that..there's an anointing
There's an anointing on your life to get people free

There's an anointing.... on the church to set people free
There's an anointing..... on your life to break down the principalities and introduce a city that needs to know about the Resurrection Power of Jesus Christ.

OHHH YES....

Shout it out loud—I'm black and I'm proud! So I feel good about that and hope you do too-

How many know you need a breaker anointing? In fact, in fact. . .

Fiona (1:09:40 into the recording): Fiona, you need to stand up- here's how its gonna go down for you:

There has been, listen to this, (*sheww*) people that have risen up against you b/c of the anointing in your life and they've said things against you that weren't so nice b/c you kicked the bees nest up into the air when you entered the very atmosphere of PA

And so I hear God saying—b/c of that, Oh Daughter of Mine, there's been an anointing and an attack that 's been unleashed against your life- and a lot of its been *within* the body of Christ who've spoken against you.

But as of THIS night, Oh Daughter of Mine, I hear the voice of God saying to me: FREEDOM, FREEDOM, FREEDOM.

Let FREEDOM Reign

Be who you've been called to be

Be ALL that you've been called to be

Don't let no one put a cold blanket on you cause I've raised you up (*zheww*) in this generation (*AHH*) in this time dispensation to speak forth My Glory. To hold and to contend for the Glory of God --the weighty glory of God- to pull it down over this region.

That's why the attack has been so severe, Oh Daughter of Mine, that's why the weight @ sometimes you felt like quitting.

But God says, OH NO! NO ! NO! You don't have on tennis shoes, you've got tap dancing shoes on, Oh Daughter of Mine,-you're gonna tip-tip-tip; tap-tap-tap all over the devils face in this region.

Yeah...so...yeah.....How do you like me now??
